Parasha: Toledot

Shabbat time: Starts Friday at 15.41 and ends Saturday at 16.49

A huge thank you to everyone who visited our Science exhibition held earlier this week.

Another fantastic opportunity for our pupils to share some of their work with you. The theme was 'Changing materials'.

A very popular stall was the ARP's 'Oobleck' work.

It was sometimes solid and sometimes liquid and evoked a lot of scientific discussion both in the hall and in classrooms.

Early years focused on changing paint colours.

Year 6 pupils made Lava lamps when they explored changing materials.

Our pupils spoke with knowledge and real confidence about their work and their learning.

We look forward to welcoming you all into school next term with other exciting and inviting activities.

Meanwhile other things have been going on. School council paid a visit to Hackney town hall to look around chambers and see where local decisions are made.

They learned about postal voting as well as ballot box voting.

A group of pupils from years 5 and 6 had a go at 'orienteering' and had to put their map work skills into practice at Hackney marshes.

As always, places we visit often come back to me saying how interested our pupils were and how impeccable their learning behaviours were. Our children always make us proud. They are all amazing!

Ms Metin and the Simon Marks Team
